Dear Mr. Hoover:

This is to acknowledge the receipt, and to  
thank you for, the several copies of the pamphlet  
'COMMUNIST TARGET, YOUTH' supplied from your office in  
response to my request.

We should like to thank you, also, for the wealth  
of collateral material, the existence of which we had never  
suspected. It is being put to good use.

For the first time, we begin to see some signs of  
progress. If we can survive our years of indifference and  
pathy for long enough to train up a new generation we may  
be out yet.

Without suggesting that you commit your self in the  
er, it is my own present view that our immediate  
spots are the infiltrations (apparent) of the State  
ent and of the Supreme Court.

Cordially,

For a number of years allegations have been made by a number of people, including some clergymen, to the effect that the National Council of the Churches of Christ (NCCC) has been infiltrated by communists. Although we have never conducted an investigation of the NCCC, as such, we have kept abreast of the efforts of the Communist Party, USA, (CPUSA) to infiltrate this organization through our over-all investigations of the CPUSA and communist efforts to infiltrate mass-type organizations. It does not appear from the information we have developed that the CPUSA is dictating the policies of the NCCC today. (100-50869)

Sir:

I would appreciate having your evaluation of the "35 page documentation" concerning OPERATION ABOLITION, compiled by the National Council of Churches, according to AP news article from Syracuse, New York, of February 23. (Copy from Rochester Democrat & Chronicle attached).

The National Council states that showings of this film should be accompanied by background commentary and suggest their "35 page documentation" to provide what they consider proper material.

It is my feeling that the film should be more fully interpreted and in the showing of the film which I arranged in Rochester I used material from your report - "Communist Target - Youth". Because of abysmal lack of knowledge on the part of most Americans as to the functions of the House Committee on Un-American Activities I feel that page "v" of this official publication - "Communist Target - Youth", which comprises Rules adopted by the Congress should also be read. This would counteract possible propaganda contained in the Communists' shouts of "Kangaroo Court" which is heard in one scene. Before an enlightened audience this would hardly be necessary, but lack of knowledge of the Communist "smear" technique by many prospective viewers impels me to read this section as part of my proposed future presentations in this City. In my closing remarks at my showing of OPERATION ABOLITION on February 22, I held up a copy of COMMUNIST TARGET - YOUTH and urged my audience to request this pamphlet from their legislators.

I shall continue to use material originating from your office as source of introductory and closing remarks unless I receive assurance from you that the "35 page documentation" would be proper.

Sincerely,

# San Francisco Student Riot Film Disputed

SYRACUSE (AP) — The National Council of Churches yesterday questioned the accuracy — and value — of a widely shown film called "Operation Abolition."

The movie depicts student demonstrations protesting hearings of the House Committee on Un-American Activities in San Francisco last spring. It portrays the demonstrations as Communist-inspired.

In a resolution, the interdenominational church body advised churches, many of which are being urged to show the film, not to do so without supplementary facts regarding its subject and compilation.

The resolution was accompanied by a 35-page background document on the San Francisco events.

2/2  
D+C  
[A Rochester group which gave the film its first local showing Wednesday night announced yesterday it was so impressed that it bought a copy for future showings here. This was revealed by Mrs. Ira Newberry Jr. of 160 Azalea Drive., chairman of Individuals for Constitutional Government. She characterized the group as "an informal organization composed of people interested in preserving our traditional liberties."]

The council said it deplored the "provocation that led to the disturbances as well as the disturbances themselves" and reaffirmed its "opposition to and repugnance for communism and the activities of Communist sympathizers."

However, it declared the "film does not contribute to a realistic understanding of communism and its dangers to the United States."

The resolution expresses concern at "charges in the film reflecting adversely on the reputations of students and upon their efforts to exercise active political concern."

It also expresses concern at "the effect upon freedom of expression which this film produces by its implication that the House Committee on Un-American Activities must be Communist-inspired."

I have received your letter of February 27, 1961, and the interest which prompted you to communicate with me on this occasion is indeed appreciated.

With respect to your questions regarding the publication, "Communist Target--Youth," it was prepared by the FBI as an analysis of the highly organized tactics employed by the Communist Party in the California demonstrations against the House Committee on Un-American Activities. Its purpose was not to defend the activities of the House Committee nor does it cast doubt on the motivations or loyalty of American youth. It is intended rather as urgent encouragement to young people to learn the true nature of this malevolent threat, and, armed with that knowledge to resist being duped into unlawful and unthinking action. For your information, reports from informants were not the only basis for statements in this publication.

Enclosed are several items setting forth my views on communism which you may like to have.

Sincerely yours,

J. Edgar Hoover

Dear Sir:

For several months I have been doing some research at the University of California at Berkeley in regard to the demonstrations last May against the House Committee on Un-American Activities, and on the role of the student participants in particular. In doing this, I have of course come across the report by the committee bearing your name.

I am somewhat confused about the compilation of this report, and hope you will be able to straighten out several problems for me. First, is this an official report by the FBI, or was it written by you in a private capacity? Or was the report composed by the committee and only approved by you?

The second problem concerns the nature of the investigation conducted. When Mr. William C. Sullivan of your agency spoke to a group at the university, he stated, in response to a question as to why students had not been contacted during the investigation, that your organization had complete confidence in its informants within the Communist Party. Can you tell me if this was the primary source of information?

I sincerely hope you can help me on these problems; the Bureau office here seemed to feel that you might.

Very truly yours,

Nassau County American Legion, has made arrangements with the Passenger Traffic Manager of the Long Island Railroad to have distributed 14,000 copies of the booklet, Communist Target-Youth" to approximately 70 stations of the Long Island Railroad to be made available to commuters.

According to [REDACTED] the representatives of the Long Island Railroad were very much impressed with the booklet, and have provided a list of commuter stations, which they recommend a supply of the booklet be sent.

b6  
b7C

The allotment to each of the 70 stations is on a very selective basis based upon the percentage volume of commuter traffic. Since the majority of the stations are suburban, the booklet would normally be picked up by the morning commuters on their way to work, and in all probability the booklet would ultimately be taken to their respective places of employment. It is felt that the few who might discard the booklet on the trains would relatively be small in number, and these booklets would be picked up some time during the day by railroad employees before the same car is used for the evening commuter groups.

L

The situation will be closely followed by the NYO and in the event any abuses of this program is found, no further requests for additional booklets will be made for this purpose.

In Re: Your report on "Communist Target--Youth"

Dear Director Hoover:

On page 3 of your report on "Communist Target--Youth", dealing with the student riots in San Francisco at the Un-American Activities Hearings May 12 to 14, 1960, you quote a portion of the opinion which I rendered in the case which was submitted to me for decision.

In view of the fact that you merely quote a portion of my decision to the effect that I stated: "...that the defendants were, for the most part, 'clean-cut American college students' who could well be haunted for the rest of their lives by the stigma which a conviction would attach to them," you have stirred up a controversy all over the country as to what I actually said in my opinion. Newspaper articles, debates on television, and letters which I am daily receiving quoting from your report give the impression that I condoned the conduct of the students.

If you will refer to my written opinion, of which you have a copy, you will find that after reviewing the evidence I stated as follows:

"However, there is another side to the issues which we must consider. The defendants for the most part are 'clean-cut American college students' who will within the next few years enter into the business and professional worlds and many of them I am sure will become leaders in their respective fields. I am convinced that they are not engaged in subversive activities nor in spreading subversive propaganda. They wanted to exercise their prerogative of protesting what they

"believed to be an undemocratic hearing. However, they chose the wrong means to accomplish their purpose and let themselves become victims of those who profit by creating unrest, riots and the type of conduct which is outlawed by the Penal Code sections I have quoted. As a result they were arrested, fingerprinted and photographed and their efforts achieved a directly opposite result. As I pointed out to the defendants in open court, a conviction on any one of the counts with which they are charged could carry with it a stigma which could well haunt them every time they applied for a responsible position either in private industry or in the government service. This would be true even though no sentence is imposed and probation or a suspended sentence is granted even though this record might be subsequently expunged.

"Time after time I have had young men and women appeal to me to find some way to erase their records of convictions on minor offenses because it was hampering their chances of obtaining positions of responsibility but I was helpless to aid them.

"From the complaints' (People of the State of California) point of view a protracted mass trial with 62 defendants and 16 attorneys could not only be costly from a monetary sense but would play directly into the hands of those who create the unrest and do everything in their power to upset our democratic processes and way of life. It is to the credit of the attorneys representing the various defendants that they were able to persuade them to waive a jury trial, in fact waive a trial entirely and leave their respective fates solely in my hands. I am not unmindful of the confidence that both the attorneys and the defendants have expressed to me.

"I stated in open court and I repeat that I believe the defendants have been punished sufficiently already. I am hopeful that they have learned the errors of their ways and that there will be no repetition of their type of conduct.

"Section 1385 of the Penal Code provides: 'The court may either of its own motion or upon the application of the prosecuting attorney, and in furtherance of justice, order an action to be dismissed.'

"For the reasons I have stated herein, it is the opinion of the court that it would be in the furtherance of justice that these actions be dismissed. Accordingly, exercising the discretion vested in me by said section I do hereby order that the actions be dismissed as against all defendants who have signed civil releases, waived a trial by jury, and submitted the matter on the police reports."

I particularly call attention to that portion of my opinion which I have underscored. This language by no means condones the conduct of the defendants nor does it say that their conduct was not inspired by subversive groups. On the contrary, it was and still is my opinion that the riots were inspired by members of subversive groups but, unfortunately, those who were responsible for the riots were not on trial.

I would appreciate, if it is possible, that you clarify this matter by a press release as to exactly what I stated in my opinion so once and for all the false impression that has been created by your report and which is causing so much controversy may be clarified and rectified.

Very truly yours,

Many thanks for your recent letter and also for sending thirty copies of your publication "Communist Target - Youth".

At our recent Board of Directors meeting for the Kanawha Juvenile Council each board member was given a copy of your publication, and it was felt that we should take advantage of your generous offer to supply us with as many copies for the entire membership, if we only asked you for them.

This is to advise you that we would sincerely appreciate your sending us 400 copies of "Communist Target - Youth" for distribution at our annual meeting, which will be coming up very shortly.

Your good office and its courtesy will always be remembered by all of us here in West Virginia.

MEMORANDUM FOR MR. TOLSON  
MR. PARSONS  
MR. DELOACH

[redacted] Scripps Howard Newspaper Alliance, called to advise that he was having a meeting of his editors next week and it had been suggested that the movie "Operation Abolition" be shown to this group, but before doing so he thought he would make inquiry concerning this picture since he had never seen it but had read a lot about it. I told him I had not seen the picture; that the House Committee on Un-American Activities had issued the movie and we had issued a printed report on what actually occurred at San Francisco during the hearings. I stated no one has challenged our report which was documented. On the other hand the House film has been highly controversial largely due I believed to the fact that in editing it they changed certain sequences, such as indicating something happened on Thursday which actually happened on Saturday; that in fact I believed the film claimed Harry Bridges appeared on Thursday when he actually appeared on Saturday. I stated Bridges was there all right and I frankly felt in calling the film doctored was stretching the facts somewhat. I stated the film has been shown throughout the country and in many schools and the Communists and left-wing element have hollered claiming this to be a doctored film and not a true picture.

I told [redacted] that I personally have refrained from making any comment concerning the film and mentioned that we have been receiving a lot of mail asking whether we approve the film and we reply that we had nothing to do with its presentation or public distribution. I stated I personally think the film is doing a good job; that they got the pictures which were taken by news reel TV stations and then assembled the film from the shots actually taken but unfortunately they did not have them in sequence and though I thought this was not serious, it would have been safer if they had been in sequence. I commented that the film has been widely shown before various citizens' groups and though I personally had not seen it, some of the personnel of this Bureau had seen it and reaction to it was good.

[redacted] then inquired whether I felt that on the whole the film presented a substantial picture. I told him this was my impression, but I

would not publicly make that statement for quotation, but I did think it substantially presented the picture as it occurred. I stated we put out the document "Communist Target -- Youth" which is documented and shows that the demonstration was taken over by the Communists in San Francisco when these hearings took place. [ ] commented that he noted the Judge who heard the case backed the above document up and I stated this was right and also mentioned that some magazine, I believed to be the "Reporter" wrote quite a story quoting the sheriff as saying there was no disturbance and the sheriff issued a denial stating he had never been interviewed by the man who wrote the article. I told [ ] if he would like to have several copies of the above document which he could pass around to the members of his group I would be glad to send them to him. He asked that this be done and I have already instructed that thirty to thirty-five copies be sent to him.

Dear Sir:

I am writing in regard to the eleven page pamphlet which you have put out entitled "Communist Target--Youth."

As Vice-President of the ~~American Association of Evangelical Students~~, I am planning the annual national convention of this organization which will be held at Evangel College, Springfield, Missouri. The dates for this convention are April 19 - 22. There will be approximately 200 delegates present from about 25 Christian colleges in America, including Wheaton, Houghton, Kings, Moody Bible, etc..

The theme of the convention will be "The Evangelical Answer to Communism." The outline of this theme will be broken down into a four-fold attack against Communism:

1. From the education standpoint
2. From the economic standpoint
3. From the church or religious standpoint
4. From the government service standpoint.

We are in the process of setting up an extensive literature display for the convention with literature on the subject of Communism. If it is possible, we would like 200 copies of "Communist Target--Youth," and also, 200 copies of the enclosed paper, to distribute to the delegates for study and discussion.

Also, we would appreciate it if you would send us any other free literature or refer us to other possible sources.

SUBJECT: The Congressional Record

Pages A1518-A1519. . Congressman Doyle, (D) California, pointed out that "during recent weeks, there has been much written about the film 'Operation Abolition.'" He included an editorial from the February 23, 1961, issue of the Daily Report published at Ontario-Upland, California, on the same subject. The editorial states "This has become a serious situation. The ease with which the world Communist organization has spread its base of support across large segments of the American public that never knowingly would ally itself with the Communist cause is something to shake the most hardy American." The editorial contains a reference to the FBI's report "Communist Target-Youth."

Dear Sir:

In recent weeks, a film entitled "Operation Abolition" has been shown in our community and has stirred up considerable controversy. I note that you discuss this film in report which, I believe, is entitled "Communist Target - Youth". Dear Sirs:

Would you please send me 100 copies of the pamphlet,  
"Communist Target - Youth, Communist Infiltration and Agi-  
tation Tactics?"

I believe this is the title of the pamphlet although  
I may have it slightly wrong. At least, I am sure you will  
know the publication I am referring to.

We have become alerted recently to Communist activities  
and danger and are taking an active part in informing our  
fellow citizens. We would like to have 100 copies or as many  
as we can get as we are limited as to finances.

Yours truly,

TO : The Director

DATE: 3-14-61

FROM : N. P. Callahan

SUBJECT: The Congressional Record

Pages 3564-3568. Congressman Davis, (D) Georgia, spoke concerning the attacks on the House Un-American Activities by the newspaper Atlanta Constitution. He referred to the riots in San Francisco during hearing held by the above Committee. Mr. Davis stated "J. Edgar Hoover, Director of the FBI, prepared a report upon these hearings and these Communist-instigated riots, which has been printed under the title 'Communist Target—Youth.'" Mr. Davis included several editorials from the paper as examples. Mr. Davis went on to state "Whatever these smearers have done, and whatever they may do, the House Committee on Un-American Activities is going to continue the important functions it has been performing to protect our Government and our institutions from infiltration and destruction by the Communist conspiracy."

Dear Mr. Hoover:

For many years I have been deeply concerned about the apparent apathy of many persons of my acquaintance concerning the Communist approach to youth - undoubtedly because we have three precious children. During the recent months of heated discussions concerning the House Committee on Un-American Activities and its investigations in San Francisco last May, I have been appalled by the number of persons involved in these discussions who are almost totally uninformed or misinformed. In doing a vast amount of research on my own, I decided that I needed guidance, so I enrolled in a political science class at the Fox Valley Center of the University of Wisconsin, located between Appleton and Menasha. My professor, [redacted] is vehemently opposed to the "committee's tactics," and is extremely outspoken in his criticism of Mr. Francis E. Walter and of you.

I know of your impeccable record of dedicated service to our beloved country; I am familiar with many of your writings, including Masters of Deceit; and I think I am doing a pretty good job of handling your defense. I have enlisted the aid of our Representative, John W. Byrnes, in furnishing me with factual information about Mr. Walter. However, I would like to have - I desperately need - at least fifty (50) copies of the pamphlet entitled Communist Target - Youth, which was prepared by you and is published by the HCUA. There are almost thirty (30) students in my class and I would like to distribute the remaining twenty (20) to citizens of this community. It is imperative that I have these by return mail, as our local newspaper, the Appleton Post-Crescent is currently running a series of editorials on the HCUA, which we are discussing in class, and the film "Operation Abolition" is currently being shown in Appleton. Dr. Thompson has voiced his intention to show it to the class and is prepared to discredit it.

I noticed in the "Congressional Record" for 3-15-61 that the House adopted Resolution Number 142 to print 100,000 additional copies of captioned reprint for use by the Committee on Un-American Activities. You will recall, that in late 10-60 we loaned the House Committee on Un-American Activities (HCUA) 10,500 copies of the reprint with the understanding that they would return a like number after Congress reconvened in 1-61.

On 1-17-61 your office contacted the HCUA Office and was advised that HCUA would split the number they had on hand with us. Courier Service picked up all they were able to loan us which amounted to only 700 copies.

On 1-25-61, at the request of [ ] HCUA, an additional loan of 5,000 copies was delivered to Room 225, Old House Office Building on that date. They now owe us 14,800 copies, if we can completely ignore the fact that our original supply of several thousand copies came from them back in August or September of 1960.

RECOMMENDATION:

That someone from your office contact the office of HCUA and discreetly suggest that they may wish to return the 14,800 copies of "Communist Target--Youth" as soon as they receive the 100,000.

I have received your letter of March 16, 1961,  
in which you raised certain questions concerning the authen-  
ticity of the report entitled "Communist Target--Youth."

This report was prepared by the FBI under my  
direction and was furnished by me to the House Committee on  
Un-American Activities. It was then published and made  
available to the public by that Committee.

"Communist Target--Youth" is entirely authentic  
and completely documented. It does not merely represent my  
opinion. It is a compilation of facts accumulated during an  
official investigation by the FBI. I am enclosing a copy for your  
personal use.

Sincerely yours,

A report has been circulating the country for the past few months entitled "Communist Target - American Youth" which purports to be a documented report written under your name and, therefore, containing your endorsement.

A number of sources have raised criticism of the documentation which is to be found in that particular report, and I am writing you to inquire whether or not at this point you still maintain to be the author and to stand behind the document which contains your name. In particular, I am writing because a number of persons have raised the question that this document was prepared without your final approval and issued by the Bureau under your name and that you ought therefore to have an opportunity to declare whether or not it does represent your weighed opinions in this matter.

I shall be happy to hear from you at your early convenience with regard to this most pressing matter, the question of how our country shall withstand internal subversion and the Communist threat to freedom.

Cordially yours.

It is my firm belief, however, that a broad knowledge of the communist conspiracy is essential if Americans are to effectively resist its influence. The FBI prepared a detailed account of the highly organized tactics employed by the Communist Party, USA, in the California demonstrations. I am enclosing a copy in order that you may have the full background in this matter. An analysis of this report will show its purpose was not to defend the activities of the House Committee nor does it cast doubt on the motivation or loyalty of American youth. It is intended rather as urgent encouragement to young people to learn the true nature of this malevolent threat and, armed with that understanding, to resist being duped into unlawful or unthinking action.

Mr. J. Edgar Hoover  
Director, Federal Bureau of Investigation  
Washington, D. C.

Dear Mr. Hoover:

The controversial film, "Operation Abolition", is now being shown in our city. I am interested in finding out all I can about the film.

Please send me the booklet: "Communist Target--Youth", which I understand that some of my fellow ministers have secured from you. Also, Please send me any additional information you may have about the Film or the House Un-American Activities Committee hearing of last May in San Francisco.

Frankly I have been critical of the film to date. There are a lot of questions I need to have answered before I could accept the Film at face value. In other words I would like to evaluate the Film.

Questions in my mind are:

1. Who guarantees the truth of the film?
2. What is the basic purpose of the film?
3. Is there any way in which citizens of this country can protest the action of this Committee or any other organization in our country without being called Communist or the "dupe" of the communists?
4. Were the Students last May actually violent? If so, how much?
5. Did the students actually break any laws other than disturbing the peace?
6. Is there definite evidence, which if it were against federal law, could be used in court against the "Communists" who were before the committee in regard to their actions with the students?
7. Is the film actually a "doctored film" as is charged by various groups? In other words, does the film actually contain "inaccuracies and distortions" as Mr. William Wheeler, an investigator for the Committee, is reported to have admitted? Are the sequences of the film out of order?

Maybe the pamphlet which I have requested will answer these questions. If not, I would like to know where I can get a straight answer about them. I have seen the film and these are the questions which have come to my mind. So far the only people who have backed the film are those persons in our churches who hold to an extreme Fundamentalistic point of view Theologically. Why have not others stepped forward to uphold the film? If it is an honest film "rightly dividing the word of truth" I would like to back it.....(?).

Yours very sincerely,

## 'Operation Abolition' Stirs Student Queries

Two alert audiences of University of Redlands students, totalling about 450, viewed "Operation Abolition" on the campus yesterday, heard a critic and a defender, and asked them many questions.

"This created a great deal of discussion among students and will help them to form their own judgments of the issues," President Jerry Tinker of the Associated Students said today.

Howard Hurlbut, who presided, explained that the Russian Colloquium is engaged in a continuing discussion of the threat of Communism and what America can do about it. The programs yesterday are but one part of this overall inquiry.

"Operation Abolition" is the name. Communists give to their drive to abolish the House Un-American Activities Committee. The film is made up of television and newsreel clips of the student

"Operation Abolition" will be shown at 10:30 tonight on Channel 13 on the Tom Duggan show.

and Communist demonstrations at the San Francisco City Hall hearings last May, and of commentaries by committee members.

The film claims to show that the students did riot and that the riots were engineered by Communists.

Irving Hall declared that the film does not back up the claim, that only students led the demonstrations, and that the non-violent sitdown resistance to police, was called by responsible student leaders.

### Opposes Committee

Hall is a teaching assistant in English at the University of California, participated in the demonstrations, and advocates abolishing the Un-American Activities Committee. He has appeared before many audiences in this area, including various ones in Riverside, to attack the film.

Thomas Hoag of Anaheim, a private citizen and friend of the chief West Coast investigator for the committee, appeared at the evening session to debate with Hall.

A student asked Hall how he explains the FBI report, reprinted in the Facts Saturday, in which J. Edgar Hoover tells how Communists went about inciting students to demonstrate.

Hall, in reply, claimed that the FBI interviewed none of the student participants, that Hoover did not document his assertions, and that the report uses an "insidious writing technique" to make unwarranted inferences.

The evening question-and-answer period expanded from a discussion of the film and the student demonstrations, into a debate on the Un-American Activities Committee.

Hoag's arguments were in support of the committee's assertion and the FBI report, that the student demonstrators were puppets dancing at the ends of strings manipulated by Communists. Answering Hall's claim that the 45 minute film distorts the events at City Hall, he said that the full version runs two hours and 48 minutes and is available. No different conclusions result, he said.

Mr. Hurlbut is a UR graduate student and teaches Russian language courses.

Redlands showings of "Operation Abolition" this week include:

Thursday, 8 p.m., American Legion Post 106, West State street clubhouse, public invited.

Saturday: Watchorn Hall, UR, public admission but only with tickets obtained in advance from public relations office. Specify 7 or 9 p.m. showing.

# FBI Report Says Reds Inspired SF Riot

The successful Communist exploitation and manipulation of youth and student groups throughout the world today are a major challenge which free world forces must meet and defeat. Recent world events clearly reveal that world communism has launched a massive campaign to capture and maneuver youth and student groups.

The vigor and vitality of such groups constitute an explosive force of immense proportions. Channeled into proper outlets, this force can accomplish immeasurable good for a peace-loving world. Manipulated into destructive channels, this force can create chaos.

## Riots in Japan

Communists have become experts at using this force to create chaos. In Japan, for example, Communists carefully nurtured and developed a growing body of students over a 10-year period, using them periodically in protest demonstrations. The culmination of this training was reached this year, when the highly organized and tightly disciplined rioters shocked the world with their uproarious displays.

## Demonstrations in Uruguay

The seeds for future large-scale demonstrations of this type have been planted by Communists in other countries. The small demonstrations staged by Communist-oriented students in Uruguay earlier this year — demonstrations which marred an otherwise cordial welcome extended to the President of the United States on the last stop of his Latin American tour — were reminiscent of Communist instigated activities of student groups in Japan 10 years ago.

Communists are hopeful that the seeds in Uruguay and other countries will sprout as they did in Japan, leading eventually to demonstrations of the type that rocked Japan.

## A Basic Tenet of Communist Strategy

It has long been a basic tenet of Communist strategy to control by its own evil purposes the explosive force which youth represents. In the relentless struggle for world domination being waged by them, Communists are dedi-

(Editor's Note: This is the complete text of the Federal Bureau of Investigation report on the May 12-14, 1960, incidents in San Francisco during a series of hearings by the House Committee on Un-American Activities. The FBI report, titled, "Communist Target — Youth; Communist Infiltration and Agitation

Tactics," is attributed to J. Edgar Hoover, FBI director, in the official publication of it from which this text was taken. It bears on the circumstances and incidents portrayed in the film, "Operation Abolition," currently the subject of controversy here and throughout the nation.)

Communist Party is jubilant about success it has had recently in developing and exploiting youth and student groups. A spokesman at one of the party's national executive committee meetings earlier this year stated that "there has been a breakthrough as far as young people are concerned, particularly in colleges where students want to know what socialism is."

Unfortunately, there is some truth in what the party's spokesman has said. There has been a limited "breakthrough" as far as the efforts of the Communist Party to infiltrate youth and student groups in this country are concerned. It is attributable neither to chance nor to a stroke of good luck for the party. Instead, it is the result of careful planning and a concentrated effort by the party.

## Campaign Began in 1959

In 1959, the Communist Party, USA, launched a major campaign with youth as its target. On May 30 and 31, 1959, approximately 20 young Communists from New York City, Baltimore, Chicago, Detroit, Los Angeles, and Philadelphia attended a conference with national leaders of the party at party headquarters in New York City. The purpose of the meeting was to devise a program to attract young blood-teenagers, students, and working youth—to the ranks of the party.

After those May 1959 conferences, campuses throughout the nation became prime targets for Communist infiltration and recruitment efforts. The party began operating what amounted to a regular lecture bureau, with party spokesmen seizing every opportunity to project their views on campuses across the country.

To establish a closer link between the Communist Party and youth, the party's national executive committee, in December 1959, authorized the party to conduct a nationwide campaign to recruit youth to the party.

conviction in the cases involving the 62 defendants, most of whom were college students, but he added that the defendants were, for the most part, "clean-cut American college students" who could well be haunted for the rest of their lives by the stigma which a conviction would attach to them.

In response to this action on the part of the judge, 58 of the defendants signed a statement distributed immediately after he had rendered his decision. It read, in part: "Nobody indicted us, nobody misguided us. We were led by our own convictions and we still stand firmly by them."

## The Need to Know

In the light of that statement, it is vitally important to set the record straight on the extent to which Communists were responsible for the disgraceful and riotous conditions which prevailed during the HCUA hearings.

It is vitally important that not only the students involved in that incident, but also students throughout the nation whom Communists hope to exploit in similar situations, recognize the Communist tactics which resulted in what experienced West Coast observers familiar with Communist strategy and tactics have termed the most successful Communist coup to occur in the San Francisco area in 25 years.

The Communist attack on the blood-teenagers, students, and HCUA in San Francisco was in line with a longstanding party aim to destroy not only the HCUA, but also the Senate Internal Security Subcommittee and every other "enemy" seeking to expose the threat which Communist activities represent to the internal security of this Nation.

The party reaffirmed its dedication to this aim at its 17th national convention, held in New York City, December, 1959, when Communist Party circulated petitions to action through the use of mob psychology.

The first stage of the party's plan of action began to unfold after word was received on April 20, 1960, by party officials that subpoenas had been issued for the hearings scheduled to take place May 12-14, 1960. One of the recipients of a subpoena was Douglas Wachter, an 18-year-old sophomore at the University of California. Wachter, incidentally, had attended the 17th National Convention of the Communist Party in December 1959 as an official delegate from northern California.

the whole affair had ended, Mick-Lima praised the executive committee at every opportunity. secretary of the CCPAF, Frank Wilkinson, for the role he had played in organizing the demonstrations.

It is to be noted that Wilkinson, described as the "brains and energy" behind the CCPAF, was cited for contempt of Congress on August 13, 1958, for his refusal to answer questions before the HCUA on July 30, 1958, concerning Communist Party membership. On January 22, 1959, he was found guilty of contempt and sentenced on February 2, 1959, to 12 months' imprisonment. He has appealed the conviction, and the appeal is presently pending before the Supreme Court of the United States.

(Editor's Note: Wilkinson's appeal was rejected late last month by the U.S. Supreme Court and he is expected to begin his jail term shortly.)

As the scheduled time for the hearings neared, Communists stepped up their efforts to achieve a big turnout. Communist leaders in Berkeley arranged transportation from Berkeley to San Francisco for youths interested in attending each of the three days of hearings. Meetings were held; leaflets appeared on campuses; and telephone calls were made with increasing urgency.

By May 11, 1960, party leaders knew they had succeeded in the first stage of their planned campaign. The response to their organized efforts indicated that the objective of their plan of attack would be achieved—the demonstrators would be out in full force.

## The Second-Stage Planning

Meanwhile, the party had not ignored the second stage of its campaign. Plans had been formed on various ways the party could inflame the emotions of the demonstrators. Several days before the hearings were to begin, Saul Wachter, one of the party members subpoenaed, told party members that the HCUA would encounter "plenty of opposition" and that demonstrations would be staged against the committee.

Other reports were received that Jerle Brodsky and Archie Brown planned physical outbursts during the hearings so that they would be forcibly ejected and thus enabled to play on the sympathies of the students.

## The Inevitable Happens

With the tension growing, the inevitable happened. Violence flared that afternoon. One of the judges in a municipal courtroom in City Hall ordered the mob dispersed because the noise made

J. EDGAR HOOVER

members were escorted by police officers out a rear exit as a cordon of uniformed officers, including motorcycle patrolmen and mounted officers, held back the angry demonstrators. The crowd, which by then consisted of about 2,000, continued to mill around the area for an hour despite the fact that an announcement was made by loudspeaker that the HCUA staff had departed.

## The Communist Party's Reaction

The Communist Party, USA, is elated with the success it enjoyed in attempting to make a semblance of order that first day. It was a different story on the following day. As a result of mushrooming interest generated by the activities of the first day, the crowd on the second day was much larger. A particularly noticeable aspect of the increase was the presence of additional party members and former party members.

Archie Brown quickly resumed his tactics of the day before once the sessions started. The crowd outside the hearing room chanted and sang songs. The songs and chants were obviously part of a well-organized plan as illustrated by the song sheets being used. Pleas for order and quiet brought only jeers.

Immediately after the affair ended, the party's national leader, Gus Hall, congratulated the West Coast comrades for the initiative and leadership they displayed at all stages of the demonstrations.

Particularly pleasing to party officials was the number of students involved in the demonstrations. They commented that there had not been that much "political activity" among student groups for years. Archie Brown, especially, was commended for creating chaos and shattering our

students at the University of California in Berkeley. Brown said that the "People's World" had prepared a special supplement about the demonstrations for distribution to all the colleges and universities in the area, as well as for distribution to all waterfront workers.

The campaign is being carried out exactly as Brown outlined it. Not only Brown, but other Communists, too, have been addressing student and youth groups in this area.

The party prepared 20,000 leaflets for distribution on campuses in the area. Captioned "From Blackmail to Blackjack," the leaflets stress the theme that, at the HCUA hearings, "students were peacefully defending the most cherished American freedoms," when "fire hoses, clubs and blackjacks" were used against them "without warning and without provocation" to "browbeat and smash the public opposition" to the HCUA.

These leaflets were distributed by the party organization without cost for the sole purpose of exploiting the on-campus sympathies of students in the area.

A very significant feature of the leaflet is the lure it dangles for the innocent. It contains a box to be filled in by those who would like to receive a complimentary copy of "People's World."

## Conclusion

While it must be granted that the San Francisco riot at the HCUA hearings was the best thing that had happened for the benefit of the Communist Party in years, Americans, too, can benefit from this display of Communist strategy and tactics in operation. In fact, it is impossible to stand idly by in the face of the challenge that this Communist success represents.

The Communists demonstrated in San Francisco just how powerful a weapon Communist infiltration is. They revealed how it is possible for only a few Communist agitators, using mob psychology, to turn peaceful demonstrations into riots. Their success there must serve as a warning that their infiltration efforts aimed not only at the youth and student groups, but also at our labor unions, churches, professional groups, artists, newspapers, government, and the like, can especially, was commended for creating chaos and shattering our

cated to the Leninist principle that "youth will decide the issue of the entire struggle—both the student youth and, still more, the working-class youth."

In the Soviet Union, for example, the reins on youth are held with a viselike grip. In order to qualify for higher educational opportunities and better jobs in the Soviet society, young people must be members of the Young Communist League, the Komsomol. From their earliest days, young people must learn to accept the course dictated for them by the rulers of the only god they are permitted to know and worship—the almighty State.

Communist China is an even greater example of the Communist determination to make youth serve its objectives. There today, millions of children are being raised "the collective way." From the cradle-to-the-factory, the youth of Communist China is being molded to serve the cause of world communism in its quest for world domination.

Projecting this Communist principle of strategy outward from behind the Iron and Bamboo Curtains, Communists strive with equal intensity to subvert the youth of other countries. The lures they use to do so are tempting and varied. There are, for instance, the World Youth Festivals, which have been held every other year since 1947. The seventh such affair, held last year in Vienna, attracted thousands of young people from America, Africa, and Asia, as well as those from the Soviet-satellite countries.

#### The Pattern in Cuba

In Cuba today, the Communist pattern of exploitation of youth is equally evident. Earlier this year, delegates from Communist youth organizations in many countries attended a youth conference in Cuba. An American delegate who attended the affair subsequently reported to the Communist Party, USA, on what took place there.

The report described in glowing terms how the Young Communist League in Cuba operated in conjunction with the Communist Party there and elaborated on its plans to unite with other youth groups in Cuba "to strengthen the revolution." Evidence of how youth groups there are being used "to strengthen the revolution" becomes only too apparent when newspapers in this country carry pictures of girl students in Cuba drilling with rifles in hand.

#### Communist Success in United States

In the United States, the Com-

between the party and its youth groups, two of the most promising and active young Communists, Mortimer Daniel Rubin and Danny Queen, were included on the party's national committee. A longtime party functionary, Hyman Lumer, was relieved of all responsibility in youth affairs, and Rubin was given full responsibility for this phase of party activity. A new Marxist youth organization, Advance, was organized in New York City. A drive is currently underway to establish a new Marxist youth publication, "New Horizons."

Thus, when the decision of the HCUA to hold hearings May 12-14, 1960, in San Francisco was announced, it was mandatory for Communists to implement the convention resolution by doing everything possible to disrupt the hearings as part of the overall aim to destroy the HCUA.

#### Party in Advantageous Position

##### Trap for Students

The plans for the formal of "New Horizons" reveal the nature of the trap Communists are setting for campus students. Reporting on the proposed formal to the party's national executive committee recently, Rubin pointed out that "New Horizons" will not be labeled a Marxist publication. The purpose of this is to avoid too close identification with the Communist Party. But it will, he said, give a "Marxist analysis of the youth movement and a socialist, Marxist-Leninist outlook." He expressed the conviction that it would be extremely effective in closing the gap between what he termed democratic youth and the youth on the left.

Further illustrating the tremendous drive the party is making to infiltrate student groups is the agenda for a youth conference the party held in Chicago, June 11-12, 1960. The major points on the agenda for the two-day conference were (1) "mass developments on the campus" and (2) "left-student developments." Discussed in relation to these points were ways and means by which young Communists could exploit such controversial issues on campuses as civil rights, academic freedom, and other so-called peace issues.

##### Youth Victimized

Particularly unfortunate is the fact that many youth and student groups in our nation today are totally unaware of the extent to which they can be victimized and exploited by Communists.

The sad proof of this fact was nowhere more apparent than in municipal court in San Francisco on June 1, 1960, when Judge Albert A. Axelrod dismissed riot charges against 62 of the persons arrested as a result of the mob violence which erupted during the hearings held in that city by the House Committee on Un-American Activities (HCUA), May 12-14, 1960.

The judge pointed out that there were ample grounds for

and arranged for the punishment of a protest advertisement in the local San Jose newspapers.

Oakland Communist Party members arranged for radio broadcasts and publication of protest advertisements in their area newspapers.

Fund drives were initiated in the various clubs to provide financial support for the attack. On the evening of May 6, 1960, party leaders held a meeting to assess their progress and plan to use in the same vein. He said further activity. Mickey Lima stated that the party had approved a document which Juanita Wheelcampus of the University of California and the other campuses had begun to pay dividends—been instructed to read into the students were beginning to call for demonstrations and picket lines to greet the HCUA.

Lima then issued orders that each club representative in the area assume the responsibility of contacting every club member to insure that massive demonstrations would take place at the hearings. He also discussed the plans that had been formulated also prepared for the demonstration in the East Bay area and looked, even to plans to cap the affair with a grand climax. The arrangements were made to have the demonstrators join a party-sponsored "Peace March" on Saturday, May 14, 1960, at the conclusion of the hearings.

A telephone campaign was conducted by party members to solicit opposition to the HCUA and was designed specifically to reach 1,000 people. Merle Brodsky, an active leader in Communist Party affairs in California for more than 20 years, boasted that he was calling everyone he had ever known enlisting support for the demonstrations.

#### Parallel Organizations

Not to be overlooked in the organized attack that was carried out against the HCUA are organized activities that paralleled those of the party. Much of the literature that was distributed during the campaign, for example, emanated in the name of the Citizens Committee to Preserve American Freedoms (CCPAF) and the East Bay Community Forum (EBCF). According to a party official, both of these organizations are under control of the Communist Party.

The San Francisco branch of the CCPAF was organized, in fact, on April 4, 1960, for the specific purpose of opposing the HCUA hearings. This group held an emergency-action meeting the first week in May 1960, at which time it solicited funds, urged the preparation of letters to newspaper editors, and advocated abolition of the HCUA.

The Communist Party furnished funds to the CCPAF to defray sympathizers. This group applauded the antics during the campaign, and when of Brown and Brodsky and bood,

the tactics to use in their appearances before the committee. On May 6, 1960, for example, Mickey Lima told party members he had met with Leibel Bergman, Andy Negro and Vern Brown to insure that they would be hostile witnesses.

Archie Brown, a veteran longshoreman and former member of the party's national committee, also disclosed to party members another tactic the party planned to use in the same vein. He said that the party had approved a document which Juanita Wheelcampus of the University of California and the other campuses had begun to pay dividends—been instructed to read into the students were beginning to call for demonstrations and picket lines to greet the HCUA.

Additional leaflets were prepared to be ready for distribution during the three-day hearings. Pleafers and posters were also prepared for the demonstration in the East Bay area and looked, even to plans to cap the affair with a grand climax. The arrangements were made to have the demonstrators join a party-sponsored "Peace March" on Saturday, May 14, 1960, at the conclusion of the hearings.

#### Agitators in Action

When the day arrived for the hearings to begin, the party was set to go into action to accomplish its second objective of inciting the mob. A few key party members were to play major roles as agitators. The other party members who were to attend had been instructed to remain in the background as much as possible to avoid becoming involved in any violence which might erupt.

As soon as the hearings began, party members began playing their predetermined roles. The belligerent and insulting behavior of some of the 36 uncooperative witnesses was so aggravating it became necessary to order their forcible removal from the hearing room to preserve order and decorum. Archie Brown and Merle Brodsky, acting according to plan, were sullen and contemptuous. Both directed vicious and personally insulting remarks at the members of the committee.

An organized clique of sympathizers in the hearing room aided them in their roles. Approximately 25 per cent of the spectators in the room were individuals under subpoena and their relatives, friends, attorneys, and sympathizers. This group applauded the antics during the campaign, and when of Brown and Brodsky and bood,

it impossible for him to hold court. When an attempt was made to carry out the order, the crowd responded by throwing shoes and jostling the officers. An officer warned that fire hoses would have to be used if the crowd did not disperse, but the crowd, instigated by Communists who had maneuvered themselves into strategic positions, became more unruly.

One of the demonstrators provided the spark that touched off the flame of violence. Leaping a barricade that had been erected, he grabbed an officer's night stick and began beating the officer over the head. The mob surged forward as if to storm the doors, and a Police Inspector ordered the fire hose turned on the lead of the balustrade, and the cold water had a sobering effect on the emotions of the demonstrators.

For a few minutes, relative quiet ensued. Taking advantage of the lull, police officers began to lead some of the demonstrators away, advising them that they must obey the order to disperse. Suddenly, realizing what was happening, militant individuals in the group set the pattern for renewed violence by kicking and striking the officers. In all, 68 individuals, most of whom were students, were arrested for inciting a riot and resisting arrest.

Order had been restored when Harry Bridges, president of the International Longshoremen's and Warehousemen's Union, suddenly appeared on the scene. Demanding to know what part fire hoses, Bridges commented that he would see if the firemen's pay could be cut. The day's activities closed with Archie Brown joining Bridges and shouting, "You tell them, Harry; they'll listen to you!"

Mob violence was narrowly averted on the third day of the hearings. An attorney from Oakland, Bertram Edises, who was one of a number of attorneys the party had obtained to represent those subpoenaed and who was to testify himself in response to a subpoena he had received, became arrogant and insulting in his appearance before the committee. His attacks on and arguments with the committee led to an order for his removal. The crowd, both in the hearing room and outside, had been relatively quiet and peaceful until then.

Suddenly aroused, the crowd that he had been invited to speak at Stanford University, adding the heritage of freemen which we enjoy today,

among the students, working with them in the corridors of City Hall and winning their sympathy. Mickey Lima expressed his pleasure at the number of former party members the affair had brought back into the fold. He said that individual supporters the party had not seen or heard of in years seemed to "emerge from the woodwork" in response to the party's campaign.

Various party functionaries on the West Coast reported that the successful demonstrations had a noticeable effect on lukewarm party members. One party official commented that it was "shot in the arm" for the party, as shown by the fact that attendance at club meetings had risen sharply.

The management of the party's West Coast publication, "People's World," was jubilant about the beneficial effect the demonstrations had had upon the lull, police officers began newspaper. The paper reportedly received letters from individuals throughout this country, as well as from others abroad, supporting the drive.

In short, the consensus in the Communist Party was that the riot was the best thing for the party that had occurred in years. Party leaders expressed the opinion that it was especially significant that the party had been able to enlist the support of so many people in all walks of life when the party, itself, was publicly under attack by the HCUA. The feeling was that not only had the party taken a major step toward its goal of abolishing the HCUA, but also it had taken a major step toward playing a greater role on the American scene.

#### The Followup Campaign

The party did not rest on its laurels after the success it enjoyed in the attack on the HCUA. It is campaigning harder than ever to attract youth and student groups to its ranks and is using the successful demonstrations to implement the campaign.

At a party meeting on the night of May 20, 1960, Archie Brown disclosed how the party intended to use a followup campaign with campus students as the target. He stated that the party planned to emphasize "police brutality" as a rallying point to attract sympathy of student groups.

He pointed out that he was both today and in the years to particularly pleased with the fact, came—defending, preserving, and expanding throughout the world that he had already spoken to

The Communists also demonstrated that the menace of communism is not a simple forthright threat. Instead, it is conspiracy which can be controlled only through full understanding of the true nature of the conspiracy and the ability to separate truth from propaganda. Seen in the true reporting of the facts, the San Francisco incident exposes the conspiratorial nature of the party. Every such exposure of the tactics of communism can be used to destroy its ideological appeal and used to strengthen this nation against the psychological pressures Communists constantly apply against every aspect of our society to weaken us.

Throughout the world today, governments are toppling with stunning rapidity. Whether large or small, the role Communists are playing in these events must not be discounted. The growing strength of our nation over the years has not proven a deterrent to relentless efforts on the part of the Communist Party, USA, to destroy our security and prepare our nation for a similar fate.

Looking at the riots and chaos Communists have created in other countries, many Americans point to the strength of our nation and say, "It can't happen here." The Communist success in San Francisco in May, 1960, proves that it can happen here.

All our hopes for the future of our country, as well as for a world at peace, are bound up with our hopes for the future of our nation's youth. They will not fail us if we do not fail them. Only our apathy and laxity in the face of the threat which Communist infiltration efforts represent can cause such a failure. It is the duty of all Americans to fully understand the true import of this threat to our heritage, to expose it, and to combat it with every weapon at our command.

The overwhelming majority of our Nation's youth has demonstrated that it deserves our confidence and support. It has shown an increasing awareness of and interest in both national and international affairs, including a penetrating and analytical approach to the false appeals of communism.

With our wholehearted support and guidance, the youth of this Nation will meet the challenge which communism hurls at us—

He pointed out that he was both today and in the years to particularly pleased with the fact, came—defending, preserving, and expanding throughout the world that he had already spoken to

## Palmer Leads Pack After Hot Card Of 65

PENSACOLA, Fla. (UPI) — "I don't really try to lay back and come from behind. I'd much rather start out in first place and end up there." Arnold Palmer said as he teed off for the third round of the Pensacola Open with a one-stroke lead.

"It just isn't true that I lay back a few strokes off the pace deliberately," Palmer said. But deliberate or not, the iron man from Ligonier, Pa., enjoys his lead because of a second round rally.

After ending the opening round of the sixth edition of this \$20,000 classic five strokes off the pace with a one-over 73, Palmer scorched the course Friday to card a 65, good for a one-stroke edge over Gary Player and Dave Ragan.

Arnie had to share the gallery with his top competitor for money-winning honors, South Africa's Player, and with Ragan, one of Florida's favorites.

Player's scorching 64 — the lowest round he has shot in U.S. tournament play and one of the lowest seen in this tournament — set the crowd buzzing. Only Bob Rosburg, who fired a brilliant 16 under-62 in 1959, has done better on this course in tournament play.

Ragan, the young Orlando, Fla., pro, had no bad holes. He was par on 15 and birdied the remaining three—all par fives.

Trout Plantings

## Low Waterline In Lakes Forces Use Of River

Southern California's continuing drought this week forced another change in the Department of Fish and Game's trout stocking program for this area. Of 300,000 three-inch fingerling rainbows produced for planting in Big Bear Lake, Hemet Lake and Litterlock Reservoir 200,000 are being stocked in the Colorado River at Needles and 100,000 are being stocked in Lake Arrowhead.

In normal water years, in addition to the catchable-size trout allotted to them, Big Bear, Litterlock and Hemet Lakes are stocked with fingerlings to take advantage of these lakes' fish-growing potential. Water conditions in these lakes are now so poor that fingerlings stocked in them probably would not survive until next fall, when they should have grown to catchable size.

Lake Arrowhead does not put fast growth on trout but is the only Southland lake in which the DFG believes the fingerlings will have a good chance of survival through next summer.

The DFG emphasizes that good returns to the angler can't be expected from fingerling trout stocked in streams, and that it is going against its own policy in planting fingerlings in the Colorado River. Yet, in the present water emergency, the Colorado River appears to be the most logical place to put them.

Relatively few of the fingerlings can be expected to survive to put them. The river puts fast growth on fish and those that escape predation should be 10 inches or so in length by next fall. Since there is no other place to put them, 200,000 fingerling rainbows will be stocked throughout the Needles area of the river, from the Nevada line down to Topock Bridge.

The Department of Fish and Game has scheduled the stocking of catchable-size rainbow trout this week in the following Southland lakes and streams. Anglers are reminded that this list is tentative and subject to change, depending on weather, water and road conditions.

## Final Big Five Games Tonight

LOS ANGELES (UPI) UCLA meets California and Southern California goes against Stanford today in the last Big Five basketball doubleheader of the season at the Sports Arena.

A victory over Cal by the Bruins would give Coach Johnny Wooden's team a second place in the league standings with a 7-5 record as compared to Washington's 6-6. SC has already clinched first spot.

In Friday night's feature game before 3,382 fans, fifth-ranked SC couldn't do it without injured John Rudometkin and fell to the Bears, 69-67, as center Stan Morrison scored 20 points for the victors.

UCLA got another fine performance from big bruiser John Berberich, who scored 22 points against Stanford, which hit a cold streak in the closing minutes to lose what had been a close contest, 69-55.

J. Edgar Hoover  
Director F. B. I.  
Washington D. C.

Dear Mr. Hoover:

ALL INFORMATION CONTAINED  
HEREIN IS UNCLASSIFIED  
DATE 1-21-94 BY 9803 RDD/cm

I have before me a "Report by J Edgar Hoover, Director, F. B. I. illustrating communist Strategy & Tactics in the Rioting which occurred during the HUAC Hearings, San Francisco - May 12-14-1960"  
Title - Communist Target - Youth.

For a long time I have been deeply concerned over the depth of the communist infiltration and activities in our Government-in labor-in the churches-and in our schools and colleges. I have endeavored to do something about it-through letters printed in our local paper-and by conversations with the "man on the street." Such efforts are of course pitefully inadequate. I have been utterly appalled at the lack of knowledge of the average individual on this communist situation and I am convinced that the apathy and lack of interest concerning it simply stems from that lack of knowledge. If my expressed connection is correct, then it seems to me that the quickest and best way to awaken the public to the communist danger is through the printed page with something infinitely more concrete than the every day news items.

I propose then to enlist the aid of as many good newspapers and/or other reputable publications as will co-operate and have them publish-without any deletions-the "Report" mentioned at the beginning of this letter, perhaps dividing it into about 3 sections so as not to lose reader interest. I would endeavor to have such followed up by publishing the 5 pamphlets released by the HUAC in 1948, titled "100 things you should know about Communism in the U. S. A., in Labor, in Education, in Religion, in Government."

MAR 29 1961

So far as your office is concerned, do you know of any reason

why I could not proceed with this program.

My dear Mr. Hoover:

The quick response of your staff to my request for 160 copies of "Communist Target--Youth" is appreciated. It is certainly a privilege to write to you because of this factor and many others.

The pupils have read this report and also have observed the movie, "Operation Abolition." They found them very informative and are very grateful to you for providing this report.

Several of the pupils have read your book, "Masters of Deceit."

If you have a surplus of your report "God and Country or Communism?" dated 1957, we certainly will appreciate it if you will send us 160 copies for classroom use in the Pine Tree Junior High School.

Recently, a person in this community gave me "The Child Buyer" by John Hersey. This book, in my opinion is an attack or satire on our investigating committees. It may not be important, but I thought it should be mentioned.

Again, let me express my gratitude for the past service you have rendered to us.

Dear Mr. Hoover,

The copies you sent last month--"Communism and the College Student" and your letter "To All Law Enforcement Officials"--I found to be extremely interesting. The members of my Cardinal Mindszenty study group agreed, and we all decided to write and ask you if we might have as many additional copies as you can spare.

Please give us your advice. We are planning to have these pamphlets distributed onto campuses through some college students of our acquaintance.

Thank you for the tremendous work you have been and are doing, and for the assistance you are giving us.

Dear [Redacted]

Your letter of March 22, 1961, has been received, and the interest which prompted you to write is appreciated.

In response to your request, I am enclosing a copy of my article entitled "Communist Target--Youth." This report was prepared as a detailed account of the highly organized tactics employed by the Communist Party, USA, in the California demonstrations. An analysis of this report will show its purpose was not to defend the activities of the House Committee on Un-American Activities nor does it cast doubt on the motivation or loyalty of American youth. It is intended rather as urgent encouragement to young people to learn the true nature of this malevolent threat and, armed with that knowledge, to resist being duped into unlawful and unthinking action.

MAR 29 3 15 PM '61

Enclosed also are other reprints available on the general subject of communism.

## Office Memorandum • UNITED STATES GOVERNMENT

TO : DIRECTOR, FBI  
(ATT: CRIME RECORDS)

FROM : SAC, NEW YORK (94-1238)

SUBJECT: BUREAU POSTERS AND PAMPHLETS

DATE: 3/23/61

*Communist Target - Youth*

The Bureau recently sent to [redacted]  
25 boxes of Bureau posters and pamphlets at [redacted]  
[redacted] at the request of the NYO.

b6  
b7C

The shipment was delivered on Friday, 3/10/61  
by the APA Transport Corporation, 2110 85th Street, North  
Bergen, New Jersey, the local deliverers for the Atlantic  
Coast Freight Lines.

*n. y.*

Upon arriving at the [redacted] residence, the  
representative of the APA Transport Corporation advised  
[redacted] that he could only make curb delivery of the  
25 cartons unless an extra fee was charged to be paid by her.  
[redacted] advised that she has on a previous occasion  
experienced the curb delivery incident, but had "talked" the  
driver into bringing the boxes to the front door. [redacted]  
[redacted] advised the NYO of this matter since she felt the  
Bureau had prepaid the expense of trucks for delivery to  
residences and not to the curb.

b6  
b7C

This information is being brought to the  
Bureau's attention in the event the Bureau may desire to  
discuss this matter with the freight lines.

Since my husband and I have seen a film on how bad communism really is, we have become greatly interested in combating it. We are trying to learn as much as possible about communism so we can fight more effectively.

We would appreciate it very much if you could advise us how we can combat this very serious problem in our own neighborhood. Would it be possible for you to send us as much literature as possible, including

① "Communist Target-Youth." Please send us as many free copies as possible.

Thanking you in advance I remain:

I have received your cordial letter of March 26, 1961, enclosing a copy of your communication to Senator Saltonstall, and I do want you to know how much I appreciate your generous remarks about my administration of the FBI.

It was indeed thoughtful of you to send me your views on the matters you mentioned, and I can readily understand your deep concern over the grave threat posed by communism.

For your information, there is no truth to the rumor that I intend to retire. My only desire is to continue to serve our country in my present capacity to the best of my ability.

In response to your request, I am pleased to enclose the publication, "Communist Target--Youth," which describes the highly organized tactics employed by the Communist Party in the California demonstrations.

Sincerely yours,  
J. Edgar Hoover

You and your organization have earned the highest respect of every American citizen over the years for your outstanding work in the field of detection and apprehension of criminals and subversives. Is this work that you are engaged in, now to go for naught? This latest episode involving the State Dept. must certainly be frustrating to any security agency which prides itself on collecting the facts for conviction. I don't know if your men apprehended these two spies but regardless, their release is a shocking example of what is going on within the U.N. and of the appeasement deals within our own government.

I sincerely hope that you will speak out on this matter (if you can, or are you gagged, too?) and maintain the outstanding record you have achieved on the communist conspiracy. Also I might add that the communist party would be the sole benefactor if you retire in June (the current rumor) because of disagreement with the present unqualified (but good looking and glib) Attorney - General. Don't back down please.

Sincerely,

/s/

P.S. Do you have any info on the riots in San Francisco last spring? Some of my friends disbelieve the Commies planned it.

Dear Senator Saltonstall,

I have just finished the morning paper and would like to know what in blazes is going on in the State Department. Big headlines blare the fact that the State has forced freeing of a couple of Red spies to promote good will with the Soviets. This is absurd!

We have been told many times by [redacted] and his cronies that they are going to communize the world and that they would "bury us". Are we to sit back and allow their spies free reign because a few appeasers in our government feel that we can negotiate with the Reds? This whole affair must really help to build morale in the F.B.I. and other security agencies. (Why worry, comrades the State Dept. will take care of us if we're caught.)

Another ridiculous part of this entire farce was that the spies were given twenty-four days to leave this country. Why not put them on the next plane to behind the Iron Curtain? No doubt this is to allow them more time to complete any "unfinished business".

Last year around this time President Eisenhower refused to give [redacted] of HCUA a list of 1000 (unbelievable) security risks in our government. Apparently they are doing their jobs well and have convinced Messrs. Rusk, Hodges (how about that Bryant Co. machine tool affair?) and Kennedy that the Soviets are really willing to negotiate peaceful settlements of all the world's problems. Of course they are willing to, but only if the deck is stacked in their favor and they can gain from any deals.

When are we going to awaken to the realities of the Communist conspiracy? I hope you will press for an immediate investigation by the Internal Security Committee of State and its weird collection of fellow travelers, dupes, and other assorted characters. All the military strength in the world is of no value if we are betrayed at home by officials within our government (whether knowingly or not).

You will recall approval has been given to publishing "Communist Target--Youth" in the Spanish language, and Government Printing Office (GPO) has set the Spanish type for us. We have the galley proofs of this type, which have been checked and are ready for return to GPO for final corrections.

Enclosed is an informal estimate supplied by GPO for the cost of printing this booklet in Spanish. The original plan was to have them furnish us reproduction proofs from which the booklet could be printed in our Mechanical Section. In view of the heavy demand for other work on the Mechanical Section, it is felt consideration should be given to having GPO do the printing of this booklet.

We anticipate approximately the same demand for this booklet in Spanish as was received for the Spanish version of "One Nation's Response to Communism," over 100,000 copies of which have been distributed.

RECOMMENDATION:

ALL INFORMATION CONTAINED  
HEREIN IS UNCLASSIFIED  
DATE 1-21-94 BY 9803 RDD/cm

That this matter be referred to the Administrative Division for a decision relative to whether the booklet should be printed in our Mechanical Section or at GPO.

ADDENDUM - Mechanical Section 3-22-61

This article can be prepared in the Mechanical Section in 5" x 8" size (Sample attached). The cost for 150,000 copies would run about \$1600 and it will require about three weeks to complete. Recommend we do it.

I certainly thank you for your letter of the 28th and for the enclosures which you sent.

I have read all of them except the report to the Senate Committee and I am in the process of studying that at the-present time.

In reference to the publication "Communist Target--Youth" I have a good friend who wants a copy of that and I have two fuzzy-minded friends who are claiming things about this report which are not true and I would like very much to furnish each of them with a copy, if you will be so kind as to send them on to me.

If there is any charge I will be happy to remit.

Sincerely yours,

Dear [Redacted]:

I have received your letter dated March 30, 1961, and pursuant to your request, 30 copies each of the four items of literature you requested are being forwarded under separate cover.

You have indicated in your letter that you desire to distribute copies of my report, "Communist Target - Youth" in support of the film "Operation Abolition." I would like to point out that "Operation Abolition" was prepared and released through the Committee on Un-American Activities, United States House of Representatives, and the FBI had no part in its preparation or distribution. Accordingly, I have made no statements either approving or disapproving this film.

My report, "Communist Target - Youth" contains a detailed account of the highly organized tactics employed by the Communist Party in the California demonstrations against the House Committee on Un-American Activities. The purpose of this report was not to defend the activities of the House Committee nor to cast doubt on the motivation or loyalty of American youth. It is intended rather as an urgent encouragement to young people to learn the true nature of the malevolent threat of communism and, armed with that understanding, to resist being duped into unlawful or unthinking action.

I have followed a policy of long standing of not injecting myself or the FBI into the activities of groups organized to fight communism. In keeping with this policy, I am unable to comment upon your activities or furnish you with any advice concerning your program.

Sincerely yours,

J. Edgar Hoover

**NOTE ON YELLOW:**

Correspondent wrote the Bureau on 3-13-61 indicating she felt an urgent need to inform others of the threat of communism and made inquiries concerning Communist Party membership figures. We acknowledged receipt of her letter on 3-21-61 explaining our inability to furnish the information she requested and sent her five items of Bureau literature concerning communism. Bufiles contain no additional information concerning correspondent.

100-0-34106

In her current lengthy letter she requests 30 copies each of four of the items of literature previously furnished her and goes into a lengthy discussion of her activities in the church to present a series of programs on communism. She intends showing "Operation Abolition" but knows there has been some protest of the film. She desires copies of "Communist Target - Youth" to pass out at that time to show others "that you have documented the film." She also states that although she has given us only her side of her activities of teaching others of the menace of communism, she would like to know if her programs are beneficial or whether she is doing more harm than good.

In accordance with correspondent's request, 30 copies each of "Communist Target - Youth," "How to Beat Communism," "One Nation's Response to Communism" and "America - Freedom's Champion" will be prepared for mailing after approval of this letter.

Dear Mr. Hoover,

Thank you for your letter dated March 21, 1961.

I certainly do understand that the information that I asked for is confidential. I really felt it would be, but when I am asked those questions again, I can give them the answer that you gave me. People will at least know that I tried.

I do appreciate the material that you sent me and have found it to be very helpful. You told me in your letter that I might have additional copies upon request. I would like to have at least 30, each, if that is not too many, of Communist Target--Youth, The American Legion Address given Oct. 18, 1960, How To Beat Communism, One Nation's Response to Communism and any thing else that you think would be useful to others, to pass out in our church.

We are active members in the Presbyterian Church U.S.A. here in our small community. We were asked by the program chairman of the Mens Organization to present a series of programs on Communism after we returned from Freedom Forum. We, (my husband and I) agreed to do this and gave the chairman the titles of each program. He agreed and approved the titles and what each would consist of. This fellow is very interested in becoming better informed and recognizes that we do have a fight before us.

REC-4

The first one was the showing of Communism On The Map put out by the National Education Program, Harding College, Searcy, Ark. We tried to make it clear to the people that the sole purpose of the programs was just to wake them up and to start them to thinking and studying. There were approximately 50 present at this first meeting. After it was over my husband and I got a very cold treatment. The people said that they didn't believe that the film was correct, that it was politically lop-sided, and that we were just trying to stir up trouble. We announced that our next meeting would be what Communism

Is and What We as Christian Citizens Can Do About It, based on your book Masters of Deceit. At this meeting only 7 of our church members attended.

Now we have announced that our next meeting would be the showing of Operation Abolition. As you know the National Council of Churches has warned the member churches against showing this film in their churches. We are a member of the N.C.C. Our people will not financially support the showing of this film but we have personally made arrangement for this showing. We have seen this film four times and feel that it is a must. I would like to have copies of Communist Target--Youth, to pass out to them so that they will see that you have documented the film. They put their trust in what you say.

I feel that one thing that makes the people in our church resent our work in this thing is that when the Air Force Manual came out, I made a statement, which I truly believe, that I felt that the N.C.C. had gone along with the Communist line on many of their issues and from the things in the manual and some Congressional Records which I had read, that there was something fishy going on in the N.C.C. and I felt we as Christians should do our part in bringing it to the attention of our representatives to the general assembly, and not support it until it changes its stands and attitudes about some of the issues or we found out more about it. When I asked them if they knew what they were supporting when they gave to it, they answered "No, but every one else is so it must be a good thing." They do not wish to dig into it and find out just what the N.C.C. stands for. They have condemned me for making this statement.

I realize that a person must be careful about the statements he makes but we have freedom of speech in our great country and I was just expressing my feelings about the matter. I would not have made the statement in the first place had I not studied a little bit about it before hand and felt I had a reason to make it.

We have tried to be calm and serene about this thing and not be too radical or fanatical. I asked several of those who seem very interested in becoming better informed if they thought we sounded too fanatical when we spoke. They told us that we didn't, and complemented us on it to the extent that two people in attendance from other communities asked us to come to their churches to present the same program. The Baptist minister here in our community read my speech, and he thought it was interesting enough that he has asked if he could have it printed for distribution.

I must say at this point that I did not say any thing about the N.C.C. in my speech.

What I would like to know is from what I have told you, and I realize it is only my side of the story but true, do you think that this type of programs are beneficial or do you think we really are doing more harm than good. We want to do something to wake the people up, but we don't want to do harm along with it. I realize that you know more about how to deal with this menace than I, so would certainly appreciate any suggestions that you have to offer.

I know that this has taken a good portion of your precious time, but I think you will understand how sincere we are in wanting to do our part as citizens to help destroy this God hateing menace that we have before us.

I certainly do appreciate your kind attention and services.

Sincerely yours.

P.S. I might add that our meeting when we will show the Operation Abolition film is April 19, so would appreciate the literature by then. I would also like a list of subversive organizations and publications if you should have one, please. Several ministers have warned the people about the John Burch society being subversive. I had always been under the impression that it was working for the preservation of our freedom. However I have heard some bad reports about it.

Thank you.

Dear [Redacted]:

I have received your letter of April 3 and do appreciate the interest prompting your communication.

In response to your inquiry, as I advised you previously, the FBI neither makes evaluations nor draws conclusions as to the character or integrity of any organization, publication or individual. No suggestions come to mind as to any source to which you may direct your questions concerning the matter you discussed.

The film, "Operation Abolition," is sponsored and distributed by the House Committee on Un-American Activities and this Bureau had no connection with its preparation. I have, therefore, made no comment or recommendation concerning it. I suggest you direct your query regarding it to the Committee which is located in Room 225, Old House Office Building, Washington 25, D. C.

I am enclosing another copy of "Communist Target--Youth" as you requested, together with some additional material concerning communism. Some of these items contain suggestions all of us can use in combating subversive influences.

Though the riots were disgraceful, I think that they have turned out to be a tool in our hands and that they will convince many people who were indifferent to all the evidence that has been presented.

The Louisiana Legislature has passed legislation requiring that to graduate, a student must have had a six weeks course in American vs Communism. To recommend handling of letter postmarked 4-10-61, received from captioned individual who requests 50 to 100 copies of "Communist Target--Youth" for his use in connection with a church program planned for Sunday, April 16.  indicates that he plans to show the film, "Operation Abolition,"  of the Methodist Church in Fresno will be present to speak against the film.  also requests the Bureau's comments regarding this film.

## BACKGROUND:

On the basis of information furnished, correspondent has too common a name to definitely identify through search of Bureau indices. He undoubtedly is making reference to  who has made consistent efforts over the past several months to draw attention to himself by provoking controversy with the Bureau. Numerous bare-faced lies he has told are known to us, and over a period of time, he has followed the communist line advising persons not to fight if "commies come to this country." He has consistently baited the Bureau by distortions and inaccurate statements made concerning the student demonstrations against the House Committee on Un-American Activities last May, and he <sup>would</sup> of course, take particular pleasure in attempting to tear apart anything correspondent might get from the Bureau for this church program. ~~distributed~~

It is further noted that  waited until April 10 to send his letter requesting material for an April 16 meeting.

Your letter of April 3rd arrived also the pamphlets "Youth". Please be assured that they are most appreciated.

Happiness is the mental re-action of Rightness and Reason. Emotionalism is and always has been played upon by evil to control the masses and herd.

The dialectics of Socrates by mental gymnastics. (sophistry that is always evil) has been used to produce the dialectics of materialism. The materialistic conception of history.

Personal and National affairs are here brought under the spotlight of Eternal Truths.

Man draws from the *unfathomed depths* and the *undiscovered heights* of his inner *Self* to rebuild the earth and to vault the sky, but he falls back defeated at any attempt to enter the *realm* of his *inner Self*.

Rather than trying to solve the *enigma of the Self*, man tries to escape from himself into world activities, and he makes it his business to create and to destroy.

If you would change World Conditions, have a True Democracy in your country, strange as it sounds, you must begin to *change yourself*!

‘ An UNDERSTANDING, a REALIZATION, a PLAN and a PURPOSE is the beginning.

‘ It is not easy and not all will want to, but all should have the Opportunity of Knowing.

DEMOCRACY IS SELF-GOVERNMENT is a guide. Unusual and startling information, *previously not emphasized*, is presented for you to do with as you please.

If we as individuals and as a people will not begin to understand and practice the underlying principles of True Democracy, *this civilization will end in failure*.

## CLEARLY AND REASONABLY ANSWERS QUESTIONS SUCH AS THESE:

- ♦ How is the destiny of the individual and of nations determined?
  - ♦ Why have all democracies on earth so far failed?
  - ♦ Does law and justice rule the world or is all a matter of chance?
  - ♦ What do such words as: freedom, equality, liberty, knowledge, happiness, truth, really mean?
  - ♦ Is there an unseen, perfect government of all the worlds, and what is it?
  - ♦ Is the seed of peace in every individual?
  - ♦ What do our thoughts, feelings and desires have to do with the national government and our individual self-government?
  - ♦ What is the immediate and ultimate purpose of life?
  - ♦ Is the money God a figure of speech or a psychic entity?
  - ♦ How can each individual make a democracy of himself?
  - ♦ What is a thought—how is it created, and how does it create?
- 

1. Every sincere citizen *should* read this book.
2. Every student of the deeper truths of life *will want* to read this book.
3. Those who choose and desire to be instrumental in running affairs at all levels of government *will benefit* by reading this book.

Democracy Is Self-Government

By H. W. PERCIVAL

There is a universal need in this fast changing world where peace is in the balance and Democracy is on trial to focus attention on an almost forgotten realm— THE INNER SELF, wherein lie the basic causes for all that exists, including conditions of personal lives and national governments.

Here is a stirring message of how one can render the highest service to himself, to his nation and to humanity!

In this enlightening and interesting treatise on the SELF in the body the author makes a clear, positive, informative case for the influence of the SELF in each individual on Democracy in the nation.

Not only students of the esoteric, but *all* may now come into possession of this occult knowledge.

I have one of your reports on "Communist Target - Youth."  
"Comm. Infiltration and Agitation Tactics." I do not remember what  
(if anything I paid for it in a previous request for material.

I now could make good use of at least 50 copies which I  
intend to circle into the Student bodies of Bowling Green, Ohio State,  
and Kent State University through student friends of my own college  
daughters.

This family is stunned at the evidence of infiltration on all  
levels of education. Please send the pamphlet reports at the earliest  
possible time, so that I may possibly make use of some at an educational  
assembly to be held here on April 22nd, scheduled to discuss school  
problems.

Mr Hoover, does your documentary department have an  
authoritative list of Chief Justice Warrens Court Decisions available to me?

If not, could you please forward this request for one or more  
copies to the proper department?

I am not a John Birch Soc. member but am observing the  
controversy with interest and wish to be informed on the reliability of the  
basic facts.

Since I do not know the costs of this material, I can not  
enclose payment fees. In order to avoid delay, please send it any way you  
think best - collect, or with bill. Thank you for the tireless, priceless  
work you do Mr Hoover.

Dear [Redacted]:

Your letter dated April 10, 1961, with enclosure, has been received.

In response to your inquiry, "Communist Target--Youth" is my report prepared for the express purpose of bringing to the American people an exposure of the highly organized tactics employed by the Communist Party in the California demonstrations against the House Committee on Un-American Activities. An analysis of this report will show that its aim was not to defend the activities of the House Committee, nor does it cast doubt on the motivation or loyalty of American youth. It is intended rather as urgent encouragement to young people to learn the true nature of this malevolent threat, and, armed with that knowledge, to resist being duped into unlawful and unthinking action.

In this connection, I would also like to point out that the film, "Operation Abolition," is sponsored by the House Committee, and neither I nor the FBI took any part in its preparation. If you have related inquiries, I would like to suggest that you contact the Committee directly in Room 225, Old House Office Building, Washington 25, D. C.

In view of your interest, I am sending you other publications which you may find pertinent at this time.

Dear Sir:-

I am enclosing a stamped addressed envelope.  
I would appreciate an answer to a question. If you feel I had  
no right to ask, or you do not want to answer it, that is  
understood. I have no desire to hurt the fine F. B. I. work.

There has been much pro & con discussion in  
California over the film "Operation Abolition" & to the correct  
way to interpret it. I have recently obtained a pamphlet called  
Communist Target -- Youth. It says the report was written by  
J. Edgar Hoover. Was it? I have also heard it is merely  
attributed to him & that he has never said he wrote it.

Most Sincerely-

A

Dear [Redacted]

Your letter of April 11, 1961, has been received, and it is indeed a pleasure to learn of your interest in combating the evil conspiracy of communism. My views with regard to the type of action Americans should take are summarized in my introductory remarks to the April, 1961, FBI Law Enforcement Bulletin. I am enclosing a copy, together with a reprint of my statement dated April 17, 1961, which contains suggestions for individuals and organizations wishing to aid the FBI in the internal security field.

While I would like to grant your request, due to our budgetary limitations the pamphlets you discussed in your communication are available only in limited quantities. I am forwarding to you, under separate cover, ten copies each of "Communist Target - Youth" and "Communism: The Bitter Enemy of Religion."

Sincerely yours,

John Edgar Hoover

Dear Sir:

I am writing you on behalf of the Calaveras-Amador Ministerial Association, and also our twin county Youth for Christ group of which I am the board treasurer. I am also a member of a committee working on preparations for booths at the fairs to be held in both of these counties.

As a committee we have decided to feature anti-communism information at these booths. Our plans are to show suitable slides in an automatic projector as the main attraction. This will be flanked by posters with pertinent facts and figures about Communism.

Included in the literature to be distributed we would very much like to include your two publications, "Communist Target - Youth", and "Communism - Bitter Enemy of Religion". We would very much appreciate receiving 1000 copies of each of these documents. It is our understanding that these are available at no cost.

The dates of the referred to fairs are as follows: The Calaveras County Fair will be held at Angels Camp, Calif., May 18-20, 1961. (This is the famous "Jumping Frog" conclave made so well known by Mark Twain). The Amador County Fair will be held at Jackson, Calif., Aug. 25-27.

If you need more information or credentials please advise me accordingly.

I perhaps should add that the number of copies requested will be enough for the two fairs.

Thank you most kindly.

Sincerely,

Your letter of April 13, 1961, has been received.

While I would like to be of assistance with regard to your request, the reprint you mentioned is currently out of print, and, in addition, it will not be possible to forward it in the quantity you requested due to budgetary limitations of this Bureau. I know you will understand my inability to be of aid in this matter.

NOTE: Bufiles reflect that correspondent has furnished information to the field office relative to individuals whom she regarded as being subversive. Bufiles indicate that she is somewhat of an alarmist and regards everyone as being a communist, and there is an indication that she is a psychopathic complainant and may not be completely mentally sound. In view of this, material is not being forwarded to her. "Mrs." taken from Bufiles and is being used since she has voluntarily contacted the FBI on several occasions.

The picture "Operation Abolition" concerning the student riots in San Francisco last May 12-14, 1960 is being shown on the campus of the University of Nevada yesterday and today.

I went to see the picture twice yesterday, and at both showings the two different groups of students showed that they were puzzled and bewildered and had no clear point of view-

I thought that it was a very clear case of Communists attempting to discredit the House Un-American Activities Committee--- and using American students to do the job. I was utterly amazed that there could be any other interpretation!

The students indicated that they are getting, or are being given some extremely strange views of their own U. S. Government -

Kindly send me as soon as possible 50 copies of your pamphlet -  
"Communist Target-Youth"-

I want to give copies to key students, to the Newman Club, to the Ministerial Association (whose representative at one showing made the issues even more confusing), and to an assortment of friends-

And - for goodness's sake and our country's sake - don't ever retire!

Dear Sir:

I have read your book "Masters of Deceit" and find it very informative about the communist conspiracy.

I would like to ask one question. What can we as patriotic Americans actually do in order to combat this eminent threat? Due to the decisions of the Supreme Court in the past few years the communists have been given a free reign to further their cause. They have been repeatedly protected and given comfort by the Supreme Court and even your files have been opened to them.

I appreciate the excellent job that you and your department has been doing in gathering information about this conspiracy and hope that you continue to do so.

I would like to obtain 50 copies of your pamphlet entitled Communist Target-Youth. If there is a charge for this pamphlet, please advise and I will make remittance.

Yours truly

I received a call this morning from [redacted] who described himself as [redacted] the Episcopal High School in Alexandria. [redacted] stated that this coming Sunday evening they planned to show the film "Operation Abolition" to the students and that someone would likewise appear on the program to give criticism of the film. [redacted] stated that he just wanted to be prepared to answer any criticism which might be given and that he had available a copy of the pamphlet "Communist Target--Youth." He wondered whether, in view of the criticisms made against the film and the trial which is presently in progress on the West Coast, the Bureau had amended or revised in any way the contents of the pamphlet. He referred particularly to the reference to Harry Bridges on page 8 of the publication.

I told [redacted] that the pamphlet had not been changed in any way and the Bureau stood behind the contents as originally published. He stated this was all he wanted to know.

RECOMMENDATION:

Mr. DeLoach:

Re attached airtel from SAC, Denver, concerning the distribution of "Communist Target-Youth" during United Nations Week Conferences to be held at Colorado University beginning 4-5-61.

[redacted] advised the Denver Office that she is on the committee for literature and display for UN Week and she wants to display and distribute "Communist Target-Youth" to offset literature of the American Civil Liberties Union attacking the HCUA film, "Operation Abolition." Among the 80 speakers and participants at the UN Week Conferences are [redacted]

[redacted] The Director commented: "They had better have some strong disinfectant when this 'bunch' finish talking."

The Chairman of this UN committee is [redacted] Colorado University Sociology Professor. You will recall that [redacted] was the professor who in February, 1960, was highly critical of the FBI as a "political police," etc. He was challenged by the [redacted] Miss America, [redacted] and their clash concerning the FBI received some publicity in Denver.

The Denver Office is of the opinion that Cessna made the request for the pamphlets without approval of [redacted] and the Denver Office feels that some of the speakers at the Conferences may attack the film and may possibly attempt to associate the FBI directly with the film's production. Denver recommends that the FBI not participate in any way, even furnishing pamphlets, in connection with this, and they are not furnishing a copy of the pamphlet.

It is felt that the views of the SAC at Denver are well taken, particularly since the Committee is [redacted] with whom we would want to have no association. It is felt that should any requests come to the Bureau in letters or other form for the "Communist Target-Youth" pamphlet to be used in connection with the Conferences, the individual should be referred to the HCUA.

April 28, 1961

Dear [Redacted]

Your letter of April 18, 1961, has been received, and the interest which prompted you to write is appreciated.

The film, "Operation Abolition," was sponsored and distributed by the House Committee on Un-American Activities, and this Bureau had no connection with its preparation. As a matter of policy, I am unable, therefore, to make any comment regarding it.

I am enclosing a copy of "Communist Target--Youth" which this Bureau prepared as a detailed account of the highly organized tactics employed by the Communist Party, USA, in the California demonstrations. An analysis of this report will show its purpose was not to defend the activities of the House Committee nor does it cast doubt on the motivation or loyalty of American youth. It is intended rather as urgent encouragement to young people to learn the true nature of this malevolent threat and, armed with that understanding, to resist being duped into unlawful or unthinking action.

The FBI is strictly an investigative agency of the Federal Government and, as such, does not furnish evaluations or comments regarding the character or integrity of any individual, organization or publication. I hope you will not infer in this connection either that our files do or do not contain data regarding the group you mentioned. I am also enclosing another statement which may be of interest to you.

Sincerely yours,  
J. Edgar Hoover

Your letter of April 17, 1961, has been received, and I do appreciate the interest which prompted your communication.

In response to your questions regarding the report prepared by the FBI, "Communist Target--Youth," may I point out to you that it was based on sound factual information which was obtained from our continuing investigation of the activities of the Communist Party, USA, in this country. If you analyze it you will note that its purpose was not to defend the activities of the House Committee on Un-American Activities nor does it cast doubt on the motivation or loyalty of American youth. It is intended rather as urgent encouragement to young people to learn the true nature of the communist threat and, armed with that understanding, to resist being duped into unlawful or unthinking action.

I cannot be of any assistance to you with respect to your specific questions since information in FBI files must be maintained as confidential pursuant to regulations of the Department of Justice.

Sincerely yours,

J. Edgar Hoover

NOTE: The Bay Area Student Committee for the Abolition of the House Committee on Un-American Activities is presently under investigation by our San Francisco Office. The long-playing record he refers to is one that was prepared as a refutation of the HCUA's explanation of what took place in the California demonstrations. This record is presently being reviewed in the Domestic Intelligence Division. Since it is not clear what [REDACTED] purpose is in asking the questions he sets out and since his quoted sources of opposition are very questionable, this type of reply is deemed advisable.

DEPARTMENT OF POLITICAL SCIENCE

April 17, 1961

Mr. J. Edgar Hoover  
Federal Bureau of Investigation  
Washington, D.C.

Dear Sir:

I have been attempting to gather as much information as I can about the "San Francisco Riot" of May 13, 1960. In this connection I am particularly interested in some of the statements made on page 8 of your pamphlet entitled "Communist Target - Youth." I note that your account coincides with that given by police officers, but that the police report is elaborately refuted by the pamphlet "In Search of Truth" produced by the Bay Area Student Committee for the Abolition of the HCUA, by the LP record entitled "Sounds of Protest," and by the pamphlet by [redacted] which accompanies that record. I am curious, therefore, as to whether you have sources other than police reports concerning the events immediately leading up to the violent episode.

b6  
b7c

More specifically the following points seem to be in dispute:

1. Was an audible warning given that fire hoses would be used if the crowd did not disperse?
2. Did a student actually leap a barricade, grab an officer's nightstick and beat him over the head?
3. Is it correct to say that the police officers "began to lead some of the demonstrators away," or is it true that they used unnecessary brutality on an essentially non-cooperative but passive group of people?
4. Most important of all, perhaps, to what extent was the noise created by the students a reaction to a conviction that a promise had been broken? I refer, of course, to the "white card" matter which your pamphlet does not mention but which is discussed in great detail by the sources I have mentioned above. It seems to me that this matter is particularly important, for if the riot was a source of delight to the communists of the area, it is important to know whether it would have occurred at all if some equitable means of granting entry to the hearing room, as promised by the sheriff, had been granted.
5. Is it definitely known that committed communists were present and leading the demonstrators at the moment that the riot took place?

We are attempting to put together as reliable as possible a story <sup>of what</sup> that actually happened in San Francisco, and to ascertain areas of agreements and disagreements of various reports of the story. We would be most grateful, therefore, if you could answer the above questions, and indicate whether the police reports provide your source for the reports of what ensued at the time of the riot itself. I fully realize, of course, that the FBI is not always in a position to identify all of its sources, but I am impressed, on the contrary, by the sharp disagreement over what actually happened.

PURPOSE:

To recommend handling of attached letter postmarked 4-12-61 received from [redacted] New York State Prison, Attica, New York, requesting a copy of our pamphlet entitled "Communist Target--Youth."

b6  
 b7C

BACKGROUND:

ALL INFORMATION CONTAINED  
 HEREIN IS UNCLASSIFIED  
 DATE 1-21-94 BY 9803 RDD/GM

Frequently, requests are received from individuals confined in penal institutions for a copy of our Uniform Crime Reports bulletin, and it has been previously recommended and approved that such requests are not to be granted. The same procedure, it is believed, would govern our handling of any other reprint material on the subjects of crime, youthful criminality, police techniques or law enforcement matters.

The attached request from [redacted] is for a Bureau publication which, it is not felt, would ever aid him in any future criminal pursuits, but no Bureau rule has been set heretofore as to whether such requests should be granted.

b6  
 b7C

By registry number, [redacted] is identical with [redacted] subject of FBI [redacted] in the Identification Division. He has a lengthy criminal record on felony charges dating back to 1943 and is currently confined in the Attica Prison, Attica, New York, on charge of violating parole (burglary 3rd degree saloon night); 5-0/10-0 years. No information appears in his jacket to indicate that he has ever been arrested on any charges having a relationship to subversive activities, and [redacted] is not identifiable in Bufiles on the basis of information furnished.

RECOMMENDATIONS:

(1) That the attached copy of "Communist Target--Youth" be 1961 forwarded to [redacted] without cover letter and the incoming communication be sent to file.

b6  
 b7C

(2) That similar handling be made of any future requests of this nature for Bureau publications offering no possible modus operandi for criminals.

Your letter dated April 24, 1961, has been received.

In response to your request, I am enclosing a copy of our pamphlet entitled "Communist Target--Youth," and in the event you are not already familiar with it, it is a detailed account prepared by this Bureau of the highly organized tactics employed by the Communist Party in the California demonstrations against the House Committee on Un-American Activities. An analysis of this report will show its purpose was not to defend the activities of the Committee nor does it cast doubt on the motivation or loyalty of American youth. It is intended rather as urgent encouragement to young people to learn the true nature of this malevolent threat, and, armed with that knowledge, to resist being duped into unlawful and unthinking action.

As you probably know, the FBI took no part in the preparation of the film entitled "Operation Abolition," and if you have related questions, it is suggested that you contact the Committee directly in Room 225, Old House Office Building, Washington 25, D. C.

The requests for "Communist Target--Youth" have been such that I am unable to forward you copies in the volume you desire, but I am sending you 25 reprints of it under separate cover. I hope they will be of some help to you, and there will be no charge.

Sincerely yours,

To recommend handling of letter postmarked 4-26-61 from captioned individual who requests 200 copies of "Communist Target--Youth." Ensey also requests information concerning Tibor Tollas, sponsored by the Hungarian Freedom Fighters, who has been lecturing in his area on the subject of communism.

BACKGROUND:

has furnished information to the Bureau in the past which he believed to be of interest.  is subject of Bufile 105-75651 and no derogatory data is contained therein. He was a lieutenant in the Hungarian Army during World War II and was released by insurgents from Hungarian prisons following 1956. CIA considers him to be a convinced anticommunist. His sister is married to the rocket expert,  and he has been lecturing throughout the country. The Hungarian Freedom Fighters Federation is subject of Bufile 105-61288 and are allegedly strongly anticommunist.

does not indicate in his letter that he and his friends have been in any controversy relative to "Operation Abolition" and for this reason, it is not believed necessary to specifically spell out that the film was prepared by the House Committee on Un-American Activities. Correspondent, in showing the film, undoubtedly is aware of this fact.

RECOMMENDATION:

That the attached letter dated 5-2-61 be forwarded to  informing him that our supply of "Communist Target--Youth" is currently exhausted and will not be replenished in time to help him for this meeting on May 5.

Dear Sir:

I am interested in obtaining some factual information regarding Communism in the United States and I wondered if you have any sort of information which you might be able to send me. In particular, I have read of a publication which I believed is titled "Communist Target--Youth". Could you send me a copy of this? Is this publication the one which deals with the role of Communists in the San Francisco riots? If it is not, could you also send me a copy of that publication?

Could you also explain to me the following: When I seek governmental publications regarding Communism is it better for me to write to you, to the Department of Justice, or to my Representative or Senator? I have not previously sought such information and I am simply in the dark as to how one ought to go about obtaining such information.

I will greatly appreciate any information which you are able to send me.

By Dennis Nelson

One of the inevitable results of old age is a certain loss of identity. Old men are a type, a very wonderful type and because of this we often forget the fact that they are distinct individuals, separate and particular people with their own long pasts, and their own divergent lives. The elderly person is generally looked upon as an obsolete war relic rather than a living, highly developed, very important human being. This attitude is a tragic one since it overlooks and ignores a wealth of wisdom, example, and priceless experience—the accumulated treasures of every man who has led a long life with his eyes open and his feet on the ground. Mr. Edward Coen, Loyola's senior librarian, is such a man.

No one has to tell anyone that Mr. Coen is Irish. His green vest, his last name, and his Gaelic brogue need no elaboration. Ed was born on April 13, 1875 in County Galway to a sturdy Irish farmer and his wife, who brought seven other Coens into the world before and after him. Ed was seventeen when his widowed father brought him to America with a brother and sister to join the remainder of the family already established in the young and beckoning land. The Coens settled in Waltham, Massachusetts, a fishing port near Boston, where young Ed continued his education through self study while helping to support his aged father. Later he attended a Normal College in New York and taught for three years at St. James Academy in the same city.

He might be one of New York's two million Irishmen today were it not for the ill health which drew him to Seattle in 1905. Here he met the Oregon Jesuits and established a bond which has grown strong and permanent during the 50 years since its formation.

The Jesuits invited him to teach for them in Seattle which he did while attending the University. After receiving his B.A. degree he accepted an offer to edit the diocesan newspaper, a position he held until 1918 when he volunteered for army service. The Great War ended while Ed was still in officer's training and he turned from the mechanics of battle back to an editor's desk in 1919—this time for his own independent weekly—"The Western Freeman." In 1921 he suspended his career in journalism to teach "everything but religion" at Seattle Prep for twenty-five years. "Everything" included math, English, history, and Latin. When war came a second time he divided his energies between Prep and the Corps of Engineers which he served as a Confidential Custodian. After the war Mr.

## INSIDE

(Continued from page 2)

Coen retired from teaching and engaged in private business until 1951 when he rejoined the Engineering Corps in his former capacity at the dynamic age of 76. In 1953 the Rocky Mountains affected him in the same way the whole continent had sixty-one years before and he transferred west to Montana to serve a mission high school under his old friends, the Jesuits. That school was of course Loyola. Mr. Coen has given it and us what we think are some of the best years of his life and every indication promises more of them ahead.

Ed Coen frowns darkly on any attempts to extoll his accomplishments: "I never cared for publicity; I have done nothing worth making public." This article is supposed to be strictly chronological biography, no sentiment or eulogy involved. I don't intend to contradict that understanding. But Mr. Coen stated something at the end of our interview which I think expresses his character better than I could ever do. Speaking of his impression of Montana he remarked enthusiastically, "I'm in love with the place and its people." Such an ecstatic appraisal from a roving playboy would mean next to nothing. Coming from a man of 86 who has had ample time to get justifiably sick of this world, the expression indicates a life and an outlook definitely worth "making public."

Congressman Glenard P. Lipscomb (R-Calif.) recently furnished you (Mr. DeLoach) with a copy of the April, 1961, issue of "The Californian," which bears an article on page 7 entitled "The Hoover Report Refuted." ## RESUME OF ARTICLE

ALL INFORMATION CONTAINED  
HEREIN IS UNCLASSIFIED  
DATE 1-21-94 BY 9803 RDD/bm

The article reports that "The Californian" has "... accumulated information which totally refutes the Hoover report and exposes it as a fallacious, inaccurate, distorted document." It states the report was not written by the Director, but was compiled and written for the most part "... by the FBI's report-writing division in Washington under the direction of Inspector William Sullivan." The article viciously attacked Inspector Sullivan regarding his speech at the University of California several months ago and labeled him as "amazingly uninformed."

The article then attacks "Communist Target-Youth," which is referred to in the article as the "Hoover Report," by setting forth what it labels as "... factually incorrect statements as they appear in the Hoover Report and the factual corrections from information The Californian has obtained..." No detailed analysis of these statements is being made in this memorandum.

## INFORMATION IN BUREAU FILES:
